To Whom It May Concern,

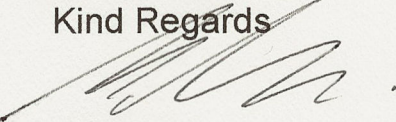

I am pleased to offer this reference to Lancebox Ltd in respect of the works carried out at Queensberry House, Queens Road, Brighton.

The works consisted of the asbestos removal and strip-out of this six storey office block, external bridge demolition and various investigation works.

I am delighted to report that the quality of their work was excellent all of which was carried out in a highly professional manner with safe working methods and health and safety always a top priority.

I would be more than happy to recommend Lancebox to any other company seeking a specialist in this field of work and would not hesitate in using them again on other future projects secured by Thistle Construction.

Kind Regards

Martin Carr  
Assistant Quantity Surveyor
