

To whom it may concern,

I am pleased to offer a reference for the works carried out at King's College 1 – 9 Cutcombe Villa's London, SE5 9RT by Lancebox Limited, who acted as principal contractors throughout the demolition phase of this project.

The project was particularly challenging due to its location and the level of pedestrian traffic. Lancebox were excellent in their approach to this and put a strong emphasis on H&S issues.

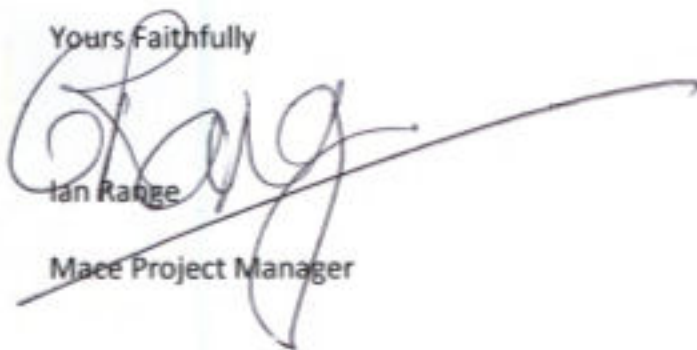

The project involved the complete demolition of a multi-storey office block and a number of terraced houses.

All Lancebox staff appeared to be highly trained with a high level of professional skills, they were aware of time constraints as well as budget and were keen to progress the job at an agreeable rate without compromising either professional or H&S standards.

All plant appeared to be in excellent condition and was used skilfully by Lancebox operatives.

It was a pleasure to work alongside Lancebox and I would not hesitate in recommending them to others.

Yours Faithfully

Ian Range

Mace Project Manager
